

# Homework Help

FREE ONLINE MATHEMATICS HELP  
FOR STUDENTS IN GRADES 7 - 10

Do you have a Grade 7 student who is struggling with fractions? Or maybe your teenager needs extra help with a geometry assignment? Extra help is available – online.

Through [ontario.ca/homeworkhelp](http://ontario.ca/homeworkhelp), certified Ontario teachers can be reached online 20 hours a week to provide free math tutoring for grades 7 to 10 math students in the Huron Perth Catholic District School Board. Students can log in anonymously Sunday to Thursday, from 5:30 p.m. to 9:30 p.m. EST, for one-on-one help. Through an online whiteboard, typing and audio tools, tutors provide interactive math support. Students can learn from the questions posed by their peers and ask their own questions.

The service also offers a number of resources that are available to students and parents at any time, including:

- Videos of best-practice tutorials
- Commonly asked questions
- Interactive math games
- A virtual locker where students can save their work.

Huron Perth Catholic is one of 31 school boards participating this year in Homework Help, the pilot project funded by the Ministry of Education. Across Ontario, more than 236,000 students have access to the online site. Homework Help is another addition to the online resources available for Ontario students.

“This is a great program that supports our students outside of the classroom and gives them the extra help they need to be successful in school and in life,” said Education Minister Leona Dombrowsky.

Parents and students will find a helpful link to the Homework Help site on their school’s website and on our Board’s website, while student usernames and passwords are created in class with their classroom teacher. For more information, view the site at <http://homeworkhelp.ilc.org>, check out our board website at <http://www.huronperthcatholic.ca>, contact your child’s math teacher, or e-mail Steve Lane at [steven\\_lane@hpcdsb.edu.on.ca](mailto:steven_lane@hpcdsb.edu.on.ca).

In addition, students in Kindergarten to Grade 12 are able to access online resources contributed by Ontario teachers. The [Ontario Education Resource Bank](http://www.ontario.ca/education-resource-bank) is an online library that provides teachers and students with access to thousands of resources linked to the Ontario curriculum.
